

# SUPER DUTY FANS

## SD5VFF

**59"  
Variable  
Speed  
Floor  
Fan**

The SD5VFF floor fan is built for big air movement on the go and where you need it most. With a totally-enclosed 1.5 HP Heavy Industry inverter motor and mounted variable speed controller, this fan can be moved and positioned to provide cooling airflow anywhere in your facility. Directional and locking castors will assure that it stays there. This setup includes OSHA compliant guarding for safety and can handle extreme ambient heat up to 135 degrees F.
